Power Splitter / Divider

tic-tech PS2N-4050/P50 is designed as a wideband splitter for the 400MHz UHF band. Covering the entire bandwidth from 400MHz to 500MHz, this small and compact size splitter yields an excellent SWR with low insertion loss for optimal performance in 2 equal split distribution for in-door or tunnel installation.

Model	PS2N-4050/P50
Type	2 way divide
Frequency	400-500MHz
VSWR for full bandwidth	<1.3:1
Insertion Loss	<0.3dB
Isolation	>20dB
Impedance	50 ohms
Power Rating	50 watt
Operating Temperature	-30°C ~ +60°C
Connector	N Female
Dimension	103 x 117 x 19 mm
Weight	Approx. 0.30 KG
